SUMMARY

Graduating Bachelor of Science in Information Technology student with hands-on full-stack development experience in web and mobile applications. Skilled in building RESTful APIs, responsive UIs, and scalable solutions through academic and personal projects. Passionate about developing scalable software solutions and continuously improving software engineering skills.

TECHNICAL SKILLS

- **Frontend:** React, TypeScript, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, PHP, Python
- **Mobile:** React Native (Expo)
- **Database:** MySQL, MongoDB
- **API Development and Integration:** RESTful APIs, Google Maps API, Google Routes API
- **Tools and Platforms:** Git, GitHub, Postman, Vite, Render, Expo Go, Netlify, Vercel Cursor, VS Code, Jira, GCP

PROJECTS

ECOBANTAY | Technical Lead Developer

January 2025 - November 2025

Tech Stack: React Native • TypeScript • Node.js • Express.js • MongoDB • Google Maps API • Expo • Git

- Led system architecture and full-stack development of a mobile waste management application, coordinating back-end–frontend integration throughout the development lifecycle.
- Developed RESTful APIs and integrated admin and staff dashboards for user management, waste reports, and pickup requests.
- Integrated real-time GPS tracking with Google Maps API, route visualization, and polyline rendering for live vehicle monitoring.
- Developed a location-based incident reporting system that enables residents to submit waste-related concerns with GPS coordinates and photo evidence for efficient issue monitoring and response.

BEEGREAT | Full Stack Web Developer

April 2025 - May 2025

Tech Stack: PHP • MySQL • HTML • CSS • Bootstrap • JavaScript

- Developed a child-focused educational web platform featuring progress tracking, module unlocking, animated achievements, and secure parent-child account linking.
- Designed responsive and user-friendly interfaces to enhance the gamified learning experience.
- Developed backend functionality and integrated MySQL database operations for user management and learning progress.

BOOKIFY | Frontend Web Developer

November 2024 - December 2024

Tech Stack: PHP • MySQL • HTML • CSS • Bootstrap • JavaScript

- Developed responsive booking interfaces for appointment scheduling and account registration
- Implemented booking workflows, real-time booking status displays, and user account features.
- Optimized application layouts for cross-device compatibility and improved user experience.

WORK EXPERIENCE

NORTHGATE TECHNOLOGIES INC.

Quezon City, Philippines

Quality Assurance Intern

July 2025 – November 2025

- Conducted functional testing and quality inspection of IT hardware and technology solutions prior to deployment.
- Performed hardware diagnostics, troubleshooting, and validation testing to identify, reproduce, and document defects.
- Supported hardware installation, system integration, and deployment validation across client environments.
- Collaborated with technical teams on issue resolution while maintaining QA documentation to improve testing processes.

EDUCATION

PAMANTASAN NG LUNGSOD NG VALENZUELA

Valenzuela City, Philippines

Bachelor of Science in Information Technology

2022-2026

Expected Graduation: August 2026

ACHIEVEMENTS AND CERTIFICATIONS

- JavaScript Essentials 1 - Cisco Networking Academy (2026)
- ITlympics IT Quiz Bee – 1st Place Champion, Pamantasan ng Lungsod ng Valenzuela (2024)
- Dean's Lister (2023-2026)
- Dr. Pio Valenzuela Scholar – Batch 25 (2022-2026)
